

THE SCHOOL OF THE SERVANTS OF THE SPIRIT

STATUTE

Classes in the school

Edition "Autumn 2018" of the School of the Servants of the Spirit begins October 1st and ends December 20th 2018. Classes in the School are held daily from Monday to Friday, 5:00 - 7:55 pm. Participation in all classes is obligatory.

The course of the classes

Each class lasts for 40 minutes. During the classes it is not possible to ask questions to the lecturer, unless the lecturer submits such possibility. Questions can be directed to the teacher individually during breaks, and at the end of the course. Additionally we encourage you to leave written questions in the school office or to hand them to the lecturer.

Punctuality

Learning punctuality is an important part of the formation of character, while participating in the School. All classes start on time and the door to the classroom is closed. After closing the door it is possible to enter the classroom only after filling out a late card, which should be given the person responsible. This would be possible only during the first five minutes of classes. Two delays are regarded as the absence on one lesson. Those coming later than 5 minutes after the start of classes, should wait for the next lesson.

Mobile phones

During each lesson, mobile phones should be turned off (not muted).

Tests

Each course ends with a short test, to verify understanding of the topic. During the test one must also answer whether the indicated literature was read (if it was set) and write memorized Bible verse, assigned to the course. If one fails to pass the test, taking it again entails a fee of 10 zł.

Certificate

While finishing the School each participant will receive a student Certificate on which all the courses will be listed along with received grades (or pass). It will be handed to students who passed all tests and were present at min. 80% of all lessons.

Recording of the lessons

All the classes are being recorded. Students of the School have the possibility to buy all the recordings. The classes in the School are not open to everybody, only to the students participating in the whole formation. That is why we do not allow to promote the recordings or to make them available to those who did not participate in the School of the Servants of the Spirit.

Small groups

Each student of the School is required to once a week take part in a meeting of a small home group. Meetings of small groups should be a time of a common prayer and a possibility to experience together the process of formation. Group assignment is done according to the choice of a place of going to missions.

Missions

In November the students will have a few day mission trip abroad or in Poland. It is a part of the course "Missions." Participation in it will affect the final grade for this block of classes. All costs associated with going on the mission students cover themselves – the costs are not included in the School tuition.

School fees

The total cost of participation in the School is 2000 zł. The fee covers all tuition costs, a set of teaching materials and the cost of the retreat weekend away. Advance payment of 200 PLN is required when submitting the application, the due date is September 15th 2018. Afterwards 1800 zł should be contributed till September 26th 2018 or in two tranches: the first one, in the amount of 900 zł should be contributed till September 26th 2018, the second one in the amount of 900 zł till October 22th 2018.

Identity tag

On the first day of the School, students receive an identity tag with their name. The identity tag allows access to the premises of the Franciscan Monastery, where classes of the School of the Servants of the Spirit are held. Always take your identity tag with you. In case you don't have with you, should make a duplicate in the School office. Making the first duplicate entails a fee in the amount 10 zł, and each subsequent – 20 zł.

Male-female relationships

We encourage all the students to dedicate the most of your time at the School of the Servants of the Spirit to deepen their relationship with God. For unmarried students it is also an encouragement not enter into new male-female relationships during this time. Sharing of rooms by opposite sex students disqualifies from the participation in Bible School. This includes staying overnight by friends of the opposite sex in the same place of residence. Even if between the two people "nothing has happened", in the eyes of neighbors or other people it may be a reason for an offense. If such situation is found, the student will be expelled from school. Next it is required to cover all costs of participation in the School by the student in the amount of 2000 zł.

Good example

From each of the students we expect to follow God's standards in everyday life. That is why the students are not allowed any kind of stimulants: drugs, cigarettes and alcohol abuse. In case of violation of these standards, the student will be expelled from the School. The student is then required to cover all costs of participation in the amount of 2000 zł.

I declare that I have read and I accept the Statute of the School of the Servants of the Spirit for the semester "Autumn 2018".
